GARMENT DYE

To achieve our exclusive color palette, we garment dye all of our styles.

This process pre-shrinks the garments and also delivers a softer, finer hand.

In keeping with the uniqueness of color, there may be variations in hue and overall look between garments.

A small amount of shading between different garments & fabrications is to be expected.

To prevent running and fading, it is recommended that our clothing be gently washed in cold water and separately on the first wash.
